All employee injuries must be reported to Corvel by calling 844-296-5157. Unless otherwise directed by Corvel, for an injury that occurs at Crozer-Chester or Delaware County, the employee and/or manager should call the Taylor or Springfield Employee Health/Occupational Health office to schedule an appointment. Should the employee require immediate care for a significant injury or there is a transportation problem, the employee should proceed to the Emergency Department. The employee should then be referred to Taylor or Springfield on the next business day for follow-up care. On weekends and after hours, the employee should proceed to the Emergency Department or as directed by Corvel.
